Medical Physician's Name:	Telephone Number:	Medical Carrier:
PATIENT SIGNATURE: <i>(Required)</i>		DATE:

Participation in the Cigna Dental Oral Health Program does not guarantee coverage and is subject to the terms of customer's plan documents which shall prevail.

Frequently Asked Questions about the Cigna Dental Oral Health Integration Program®

Do I only have to enroll in the Cigna Dental Oral Health Integration Program in order to receive benefits?

Yes, you need to be enrolled in the Cigna Dental Oral Health Integration Program prior to receiving any qualifying treatment under the program in order to receive reimbursement of your coinsurance or copay.

Do I only have to enroll in the program once or, do I have to contact Cigna each time I go to the dentist?

You only enroll once in the program. Once enrolled, Cigna will automatically reimburse you for the eligible dental services covered for your medical condition. After your initial registration, if you are diagnosed with an additional condition you must register again for that condition.

How and when will I get reimbursed for my out-of-pocket expenses?

As with any dental service, you will pay your dentist at the time the service is performed. A claim form is typically submitted to Cigna by your dentist. Once we receive the claim form from the dentist, we pay him/her for their services and you will then receive reimbursement for the amount of your coinsurance or copay. This may take 2-4 weeks, depending on when the dentist submits the claim. Please keep in mind that only dental services eligible under the Cigna Dental Oral Health Integration Program will be reimbursed.

How do I know if my enrollment has been processed?

Once your enrollment has been approved, Cigna will send you a program welcome letter.

What procedures are eligible for reimbursement?

Please refer to the list of procedures for each qualifying condition on the registration form or on myCigna.com.

Cigna's Oral Health Integration Program (OHIP) is intended to provide an enhanced benefit to your dental plan (with an approved medical condition) and therefore requires that all claims be processed by the dental plan first. OHIP is designed to reimburse our customers for certain services after the relevant policy provisions have been applied.

What rules apply to my OHIP maternity benefits?

You must enroll in the Cigna Dental Oral Health integration program with maternity as your qualifying condition prior to your due date in order to receive reimbursement of your copay or coinsurance under the program. Since the condition of maternity is limited, Cigna has placed a limitation on maternity benefits offered under OHIP to 15 months (Enrollment will be calculated nine months prior to due date and six months after due date totaling 15 months). Cigna takes into consideration the variability of due dates, and helps to ensure that a benefit for a third prophylaxis would be possible under OHIP. We recommend you discuss your treatment with your dentist to determine if a third cleaning (or any of the additional benefits listed in the above chart for Maternity) is recommended for your oral and overall health during (and/or after) your pregnancy. Please note that maternity is the only condition with an end date for OHIP services.

If my dental coverage has a plan maximum or deductible, how do procedures covered under the program get applied?

Any procedures covered under OHIP are not subject to your plan's annual deductible; however, any amounts paid under OHIP for these services do count toward's your plan's annual maximum.

If I go out-of-network, will the services covered under this program still apply?

If your plan does not include coverage for out-of-network services, then you must use a dentist in your plan's network for coverage under this program to apply. If your plan includes out-of-network coverage, you will be reimbursed for your covered expenses whether you choose to use an in-network or out-of-network dentist. However, if you use an out-of-network dentist you may have out-of-pocket costs because the dentist may choose to bill you for charges that are in excess of what your plan reimburses for covered expenses.

If I'm a dependent (spouse, partner or child), do I provide my ID number or the person who is the primary covered individual?

Please provide the ID number of the person who is the primary covered individual.

Where can I find my Group/Account Number?

Please check a previous Explanation of Benefits, your dental page on mycigna.com, call Customer Service at the number on your ID card and follow the prompts to get your Group/Account Number. You can also provide your ID and/or social security number and a Customer Service Representative will identify your Group/Account Number for you. If you have a Cigna Medical or Dental ID card the Group/Account Number is listed on the cards.

Do I have to include anything that proves I have a condition and does Cigna have the right to verify my condition?

You do not have to include any documentation with your Registration Form that proves you have a specific condition. However, at the bottom of the form you must sign your name verifying that you have the condition you have identified on your registration form and acknowledge that Cigna reserves the right to request medical records or check with your physician prior to enrollment and/or reimbursement.

If I have questions about the Cigna Dental Oral Health Integration Program or how to complete and submit the Registration Form who do I call?

Please call Customer Service at the number on your ID card with any questions. One of our associates will be happy to help you, 24 hours a day, 7 days a week.

Acceptance into the Cigna Dental Oral Health Integration Program does not guarantee coverage and is subject to the terms of your dental insurance policy or dental plan. All dental insurance policies and dental plans have exclusions and limitations. For costs and complete details of coverage, see your policy or plan documents.
